Date

The procedures for opening a bank account for a troop/group/service unit on behalf of the Girl Scouts of the Desert Southwest are as follows:

- The account should be titled: “Girl Scouts of the Desert Southwest, Troop # or Group # or Service Unitname ( \_\_\_\_\_ )  
We require that at least two authorized signatures be on file at the bank.
- The Board of Directors of the Girl Scouts of the Desert Southwest has approved and authorized the Chief Executive Officer (CEO) and the Chief Financial Officer (CFO) to make inquiries into banking transactions, account balances, and signatories on an as-needed basis without the consent of Troop Leaders or the current signers on this Corporate Sub-Unit Bank account. In addition, the Board of Directors has authorized the CEO and CFO to close all dormant Corporate Sub-Unit Bank accounts of disbanded troops. Consent of troop leaders who are no longer active is not required for the bank to assist the Council in closing the account and transferring the account funds to the Council. Disbanded troop funds become property of the Council after one year and are used for financial support to girl programs.
- Please send all bank statements and correspondence regarding this account to the above signer’s address as indicated on the previous page.
- Girl Scouts of the Desert Southwest, as a non-profit organization, is requesting that the bank waive service charges on Girl Scout accounts.
- One debit card may be issued on this bank account.
- Do not link this account through online banking to any of the signer’s personal bank accounts.  
A checking account and a savings account for the same Troop/Group/Service Unit with the same signers at the same bank using the Council’s tax ID number may be linked for online viewing purposes.
