

How far can a Girl Scout go in life?

With the national leadership journeys and *The Girl's Guide to Girl Scouting*, a girl can go as far as her imagination will take her.

Journeys

Girls can choose to complete one, two or all three of the leadership journeys! Each one is like a suitcase, packed with everything needed for an amazing adventure that can change a girl's life. Girls and volunteers can add their imagination to a journey theme to create their own experience that's just right for them!

The Girl's Guide to Girl Scouting

Girls can also have fun using *The Girl's Guide to Girl Scouting*, the new handbook and badge program resource available in fall 2011. The badges are designed for twenty-first century girls. Plus, each badge includes ideas about tying the activities to a journey, so you can focus more on fun and less on planning.

Volunteers

Volunteers have everything they need to have fun while helping girls to gain the confidence as leaders in their own lives and in the world. The national leadership journey and *The Girl's Guide to Girl Scouting* make it easier for you, our volunteers, to connect with girls; for girls to connect with one another; and for all Girl Scouts to help make their world a better place.

Every journey needs a great guide and every girl deserves her own...

Pass it on!

What the Girl Scout Program Includes

- What we know about how girls have fun and learn to lead
- Hundreds of unforgettable experiences for girls
- The opportunity to customize the experience with your own ideas

What Girls Get from the Girl Scout Program

- Fresh discoveries about herself and her world
- Experiences she's never had before
- The fun and recognition of Girl Scout awards
- Confidence to take on the world and to do great things
