## Extended Year

For the 2026 membership year  
(October 1, 2025 – September 30, 2026),  
Girl Scouts of the USA (GSUSA)  
has set the annual national membership dues at:

\$45 for girl members  
\$30 for adult members

Extended Year Membership (April 1 – July 31, 2025)  
New members who join during this time can opt into the  
Extended Year Membership, which covers both the  
remainder of the current year and the full following  
membership year. The standard dues for this option are:

\$63 for girls  
\$42 for adults

However, as a one-time offer to help offset rising costs, new  
members signing up during the Extended Year window will  
receive a \$10 discount on their membership. This means:

Girls pay \$53 instead of \$63  
Adults pay \$32 instead of \$42

This discount is only available to new members and is meant  
to provide a little financial relief as prices rise across many  
areas of life.

## July Monthly Challenge

### UFO - JULY 2025

Every year on **July 2**, people all over the world celebrate **World UFO Day**. It's a day where anyone, not just science fiction fans, can look up at the sky and wonder if something or *someone* is out there.

UFOs (Unidentified Flying Objects) have been part of stories for hundreds of years. But they really became popular in the 1950s, when people started saying they saw strange flying saucers in the sky. Since then, many people, young and old, have shared stories of seeing UFOs.

But why is World UFO Day on **July 2**? That date is important because many people believe a UFO crashed near **Roswell, New Mexico, in 1947**. Roswell, NM is part of our council and this summer we had a weekend trip visiting Roswell and doing all things alien as a cookie recognition.

"I want to believe." That's what a famous TV character named Fox Mulder once said on a show called *The X-Files*. He made lots of people think that maybe aliens and UFOs could be real - and that the truth is out there, just waiting to be found!

Besides TV shows, there have been hundreds of movies about UFO's since 1902!!! That is more than 120 years of UFO movies! Some are cute, some are realistic, some are scary, and some are campy. Whether you believe in "something out there" or not, UFOs are part of our culture here on Earth.

July's monthly challenge is to watch a UFO movie you haven't seen before. Don't think you have ever seen a UFO movie? How about Lilo & Stitch? Or Transformers? Yep, they have aliens in them.

Here is a list of movies you may not have seen but are considered to be classics. Check them out, you may find a new favorite movie.

- E.T. the Extra-Terrestrial! (1982)
- They Live (1988)
- Close Encounters of the Third Kind (1977)
- Men in Black (1997)
- Flight of the Navigator (1986)
- Muppets from Space (1999)
- Spaceballs (1987)

Note: you do not need to choose from this list - there are hundreds to choose from.

Deadline to submit your UFO Monthly Challenge:

Thursday, July 31, 2025, at 5:00 PM MST.

Submit report at: [https://bit.ly/UFOFun\\_25](https://bit.ly/UFOFun_25)

You will receive your patch in 3 - 4 weeks after the end of challenge.
